OTHER INFO

SWIMMING POOL

Adults (aged 16 or over) may swim whenever the pool is open. For safety reasons we require at least **two adults in the pool/poolside**, i.e. no swimming alone. To use the pool outside of supervised sessions, guests should sign out a key from reception - please return this when you have finished.

Under 16s may be supervised by a **member of their own family** who is aged 16 or over. This still requires two adults aged 16+ to be in the pool or poolside area.

There will also be supervised swims daily from 4:30 to 5:30pm. These are open to all but are especially aimed at those who are too young to swim by themselves. If the pool is very busy, priority will be given to younger guests as the maximum number of swimmers allowed at any one time is 29.

DEPARTURES

Please strip your beds on Saturday morning before departure - bed linen goes in the linen bins outside the laundry room.

Thanks for joining us on Family Week at Abernethy!
